General Information (Allgemeine Angaben)

Reference Numbers (DFG Geschäftszeichen)

KO 2428 99-9, GS 4711 99-9

1.2 Joint Proposal; Applicants (Antragsteller)

Prof. Dr. Michael Kohlhase	Dr. Great Communicator	
Professor of Computer Science	Senior Researcher	
13. September 1964	14. April 1972	
Private Address (Privatanschrift):		
None of your business	None of your business	
Tel: that neither	Tel: that neither	

Institute/Chair (Institut/Lehrstuhl)

Jacobs University	Power Consulting
Campus Ring 1, 28757 Bremen	PCG Way 7, Hooville
Tel: +49 421 200 3140	Tel: +49 421 0815 4711
Fax: +49 421 200 493140	Fax: +49 421 0815 4712

Topic (Thema)

Intelligentes Schreiben von Anträgen

Report and Funding Period (Berichts- und Förderzeitraum)

1. Feb. 2010 - 31. Jan. 2012

Research area and field of work (Fachgebiet und Arbeitsrichtung)

Scientific discipline: Elektrotechnik Fields of work: Ingenieurwissenschaften

Application Areas (Verwertungsfelder)

Knowledge Management, Document Management, Workflow Systems [aut] the proposal authors. ... should provide more high-class references ...

M. Kohlhase et al. "The Planetary System: Web 3.0 & Active Documents for STEM." In: Procedia Computer Science 4 (2011): Special issue: [Koh+11] Proceedings of the International Conference on Computational Science (ICCS). Ed. by M. Sato, S. Matsuoka, P. M. Sloot, G. D. van Albada,

and J. Dongarra. Finalist at the Executable Paper Grand Challenge, pp. 598–607. DOI: 10.1016/j.procs.2011.04.063

page 2 of 5 ABC

2 Final Progress ReportArbeits- & Ergebnisbericht

This is what the reviewers read (maximum 10 pages of A4)

- · Projects initial questions and objectives.
- Project developments including deviations from the original plan, failures, and problems encountered with project organisation or technical execution.
- Presentation of results and discussion of the relevant research situation in this context, potential perspectives for application, and conceivable follow-up research.
- Statement on whether the results of the project are economically valuable and whether exploitation is already taking place or may be anticipated; if
 applicable, details regarding patents, industrial joint ventures, etc.
- Who has contributed to the results achieved by the project (national/international partners, project staff, etc.)?
- · Qualification of young researchers in the context of your project (for example, first degree, doctorate, post-doctorate, etc.).

The report must be understandable without the need to consult additional literature. To illustrate and enhance your presentation you may refer to your own and others publications. Make it clear whenever you are referring to other researchers work and explain your own papers. Please list all cited publications at the end of the section. This reference list is not considered your list of publications. Any unpublished work must be included with the final report. However, note that reviewers are not required to read any of the works you cite. Reviews will be based only on the text of the actual report.

¹To Do: from the report template

ABC page 3 of 5

3 Final Progress ReportArbeits- & Ergebnisbericht

This is for the DFG web site and report, made available to the general public (maximum 1 page of A4)

ToDo:2

- Presentation, in clearly understandable, everyday language of the key scientific findings and any potential applications.
- Any surprises encountered in the course of the project and in the results obtained.
- Reference to any articles published in the media reporting the success of the project. Projects initial questions and objectives.

Done:2

²To Do: from the report template
